APPLICATION FOR PRODUCT INCORPORATION

TO THE STORE MANAGER

As a regular customer I would love to request that, as far as possible, the product GLAICE® - Alkaline Ionized Water from Natural Mineral Source - became added to the offer of your store.

I would express some reasons that explain my preference for this brand and product, which I would prefer to buy at your store rather than "online" or at any other competitor place.

Among the many advantages that the product presents, the following ones, (including but not limited to):

- 1-Exceptional purity.
- 2.-Ultra-Premium Quality.
- 3.-Various functional advantages.
- 4.-Proven healthy effects.
- 5.-System of elaboration 100% Mineral.
- 6-Exceptional cost-quality-benefits ratio.
- 7-All Packaging 100% recyclable and BPA-free.

And many others that can be attributable to **Alkaline Ionized Water**.

For the purposes of acquisition and commercial, please contact any of the following authorized economic operators, so they will provide to you with all the necessary to start to offer this product at your store/department.
